

HEALTH & SAFETY DATA SHEET

Mixed Oxidant Solution

Produced by Chloro-Sanitizer

Substance Identification

Substance (Disinfectant) : Mixed Oxidant Solution \leq 8000 ppm
Chemical family : Inorganic
Molecular formula : Cl-O-N_a

Physical Data

Description : Clear, Pale-Yellow liquid
Odour : Reduced Offensive (Bleach smell)
Oiling point : Decomposes
Specific gravity : 1.03
Solubility : Soluble in water

Fire, Explosion & Toxicity

Fire & Explosion : Negligible, when exposed to heat / flame.
Irritation Rate : 10 mg / kg Eye & Skin – rabbit moderate.
Carcinogen status : None
Local effects : Corrective, Inhalation, Skin & Eye.
Toxic level : slightly toxic by ingestion
